REASONS FOR ALLOWANCE

1. Claims 1, 3-4, 6, 8-18, 20-21, 23, and 25-34 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The above mentioned claims are allowable over prior arts because the Cited Prior Art (CPA) of record fails to teach or render obvious the claimed limitations as recited in the independent claims 1, and 18, and subsequent dependent claims.

3. The Cited Prior Art (CPA) does not teach a network address translator (NAT) that is functioning independently of the first and second endpoints and that implements VPN Masquerade, and notes but does not change a packet's security association identifier, and furthermore determines the address by heuristically matching the second endpoint's address and the incoming security association identifier with the first endpoint's private address and outgoing security association identifier.

4. The present invention addresses the following drawbacks of NAT systems:

1) the mismatches that may occur due to collisions and/or race conditions in the use of security identifiers

2) the lack of interoperability of various security protocols with NAT.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaveh Abrishamkar whose telephone number is 571-272-3786. The examiner can normally be reached on Monday thru Friday 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ayaz Sheikh can be reached on 571-272-3795. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
